A Frank Talk with the Voters of Eastern and Central Oregon

William Hanley

Eastern and Central Oregon have been wanting and needing a United States Senator for a long time.

A Senator at Washington who would work for their interests and would get something for the great, big undeveloped interior of Oregon.

Who would protect their wool and farm products; get Federal money for irrigation and roads, and bring in people to occupy the land.

Who would collect some of the debts of Oregon already long overdue, like the \$8,000,000 due Oregon's irrigation fund.

I want to talk frankly to the people of Eastern and Central Oregon.

NOVEMBER 3rd will be your opportunity to elect such a man.

You All Know William Hanley.

Most of you call him "Bill."

It's about time that you people of Eastern and Central Oregon were waking up to your interests, abandoning party squabbles and party prejudices, and ELECTING YOUR MAN TO THE UNITED STATES SENATE.

It's about time to stop electing bankers and lawyers to the United States Senate.

Why not elect your own man? The man you know, a farmer and a stockman.

A man who knows your needs and is your friend. A doer and a getter.

"BILL" HANLEY.

Isn't it the wise thing to do?

Please think it over and talk it over with your friends and neighbors.

Read his platform.

If you want a seat on the Hanley bandwagon, please write me.

Italy has been doing a magnificent job of keeping everybody guessing. Too many men are being killed because of the hasty use of ultimatums. They wouldn't carry the war to the Orient, so Japan started one of her own.

These European powers are reducing each other's standing armies all right.

With frankfurters at famine prices in Europe the dogs of war seem to be getting the worst of it.
